### DETAILED ACTION

The amendment filed December 9, 2002 have been received and entered into the application.

Applicants' arguments filed December 9, 2002 have been fully considered but they are not persuasive. Applicants argue that Applicants submit the data that provide evidence of a strong synergistic effect for the budesonide/formoterol combination with a placebo-controlled 12 month clinical trial in the treatment of moderate to severe COPD:

However, this is not persuasive since the "evidence" of alleged synergism is not commensurate in scope with the breadth of the claims. It is well established that a showing of unexpected results generally **must be commensurate** in scope with the breadth of the claims sought to be patented. See, inter alia, (1) In re Greenfield, 571 F.2d 1185, 1189, 197 USPQ 227, 230 (CCPA 1978) (showing of unexpected results must be commensurate in scope with breadth of claim); (2) In re Kulling, 897 F.2d 1147, 1149, 14 USPQ2d 1056, 1058 (Fed. Cir. 1990) (same); and (3) In re Lindner, 457 F.2d 506, 508, 173 USPQ 356, 358 (CCPA 1972) (same).

For these reasons the claimed subject matter is deemed to fail to patentably distinguish over the state of the art as represented by the cited references. The claims are therefore properly rejected under 35 U.S.C. 103.

In view of the above Office Action of July 30, 2002 is deemed proper and asserted with full force and repeated to obviate applicants' claims.

None of the claims are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
